About us

Control Chief Corporation began operations in 1971. Today, we are a world-class supplier of industrial wireless solutions. We pride ourselves on the quality American craftsmanship of our products and display the Made-in-America symbol on products that are researched, designed, produced and sold from our headquarters in Northwestern Pennsylvania.

OUR MISSION

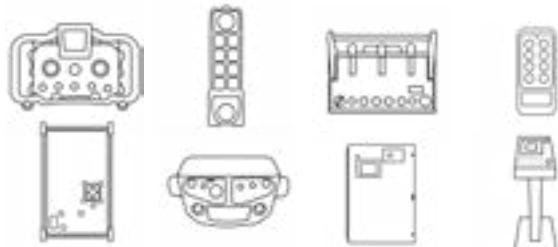

To strive consistently for excellence. To provide our customers with world-class wireless solutions, products and services. Our Quality Management System demands we conduct this in a timely fashion to meet our customers' expectations, applications, and satisfy their perceived needs. To provide our employees with a safe and satisfying work environment that encourages each employee to contribute, take responsibility, communicate openly, continually improve: both personally and professionally, and share in the success of the corporation.

INDUSTRIES

Control Chief creates industrial remote controls for a variety of applications across a wide spectrum of industries. The following industries represent some of the most common applications we serve.

- **Aggregate**
- **Locomotive**
- **Agriculture**
- **Mobile**
- **Automation**
- **Overhead Doors**
- **Crane**
- **Ship Loading**

NEED A CUSTOM SOLUTION?

The engineered solutions team provides customized designs across a wide range of industries and applications. Your needs and requirements are very important to us. So important, they have become the basis for our current and future product development. Fostering a close working relationship is paramount to producing not just a good end result, but the best possible wireless solution for your particular need.

CUSTOMER & PRODUCT SERVICE

Here at Control Chief, we take pride in our exceptional turnaround times. Our Technical Support team is in-house and available 24 hours a day to keep your operation up and running.
