

TELECHIEF[®] SERIES

TM2200HT

INDUSTRIAL REMOTE CONTROL FOR CRANE AND AUTOMATION

The TM2200HT hand-held, 2-speed, industrial remote control is part of the TeleChief[®] Series family and is the ideal solution for your industrial equipment applications. These rugged, weather-resistant remote controls can provide your operators safe, convenient control over 300 feet. This 2-speed system is a compact, hand-held radio remote control system that is suited for (but not limited to) hoist and trolley applications.
